RUSSIANS SAFE AT TIE PASS.

London, October 7th.—Only outpost affairs are reported in to-day's despatches from Manchuria. The main armies remain quiet but the scouts on both sides continue very active. This activity is construed in St. Petersburg as confirming the general belief that Keropitkin's main army is safe at Tie Pass.

WAS JAP SQUADRON DAMAGED?

A Chefoo special declares the Japanese squadron must have been damaged during the great storm which has been raging in the Yellow Sea.

ALL QUIET AT PORT ARTHUR

The latest Chefoo despatch dated the night on which fighting was reported to have occurred (Wednesday) says, "Port Arthur is quiet. The Russians are busy repairing forts. The municipality has undertaken to control the flour trade and as a result the price is enormously reduced. The band still plays twice weekly."

MELLOW TASTING SMOKE

THE tobacco plant is extremely sensitive to soil and climate.

There are certain localities in the world where tobacco grows. Because of the climate and soil of these districts the tobacco of each is peculiarly adapted to certain and different uses.

Thus the Burmese leaf makes a good cheroot—from Virginia and Turkey we get good pipe tobacco—but for cigar fillers I know of no locality like the Manicagua district, in the Province of Santa Clara, Cuba.

The superiority of this tobacco is due entirely to the soil and climate. When I tell you that I select the best leaves of this best favored spot—you can see the reason for my Pharaoh being a superior smoke—one with an aromatic fragrance—and delicate mellow taste.

CURLERS MEET

CLUB STRONG FINANCIALLY

The Edmonton Club will withdraw from the Manitoba Branch of the R. C. C. Club and affiliate with the Alberta Branch.

The semi annual meeting of the Edmonton Curling Club was held at the rink last evening. A large number of members were present and the meeting was one of the best in the records of the club.

The treasurer reported a handsome balance on hand thus indicating the pleasing financial success of the past season.

A number of communications were read and discussed.

One of these related to the advisability of severing connection with the Manitoba branch of the Royal Caledonian Curling Club and affiliating with the Alberta branch recently formed in Calgary. The benefits accruing from this were freely discussed and a resolution was passed favoring such a step.

The secretary was instructed to tender to Mr. J. A. McDougall the thanks of the club for the donation of a handsome silver tankard to the club last season. Regulations regarding this competition are to be made by the executive committee.

The office of secretary-treasurer J. A. McLean being elected secretary and W. Ramsay continuing the treasurer.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres more or less.

ENTRY.—Entry may be made per district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3 or 4, must or substitute 20 head of stock, with buildings for their accommodation, cultivate 20 acres of his homestead, and have besides 80 acres sub-tenanted.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1880.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior. N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

MADE BY HAND

HAVE each Pharaoh cigar rolled by hand!

I do this in order that the leaves that go

into the filler may be properly placed, with the top towards the burning end of the cigar.

It also enables the packing of the filler to be properly done—you will find my Pharaoh will smoke easily and evenly from end to end!

I see that the materials are of the highest grade as well.

Cuban tobacco I myself select from the Manicuragua district, in the Province of Santa Clara, is the filler—the most expensive Connecticut Broad-leaf is the binder, and a clear, beautiful Sumatra I import from Holland is the wrapper.

My Pharaoh makes a mighty good smoke for the money.

—Train 30 minutes late.
—The train was four and a half hours late last evening.

—A special meeting of the council will be held in the usual place at four o'clock this afternoon.

—Alberta is enjoying bright sunny weather again after a cold and cloudy spell. The roads are rapidly drying up.

—Mr. Oliver will address a public meeting in Robertson's Hall this evening on the questions of the day. R. Secord or his representative has been invited to be present.

—Geo. McLaughlin arrived in the city last evening. He came down from the north as far as Athabasca Landing with Hislop and Nagle's traders' party a few days ago. He waited at the Landing for Hislop and Nagle's furs, which were being taken up the river from McMurray. The furs have now been brought to Edmonton.

—Edsburry Pioneer: J. E. Jackson, of Edmonton, is opening up a jewelry store in town. He is at present in Dr. Lackner's office pending the erection of a store for him.

—Wetaskiwin Post: Can any one give a practical solution of the shower of cobwebs or prairie seeds or whatever else it may be called, that struck Wetaskiwin last Friday, descending almost in clouds from the depths of a perfectly blue sky. We have had this shower twice this summer, and both times we had a spell of bad weather almost immediately.

—Calgary Herald: A. B. Perry, commissioner of the Mounted Police, is in the city to-day, having arrived from Regina last night. Commissioner Perry's visit is in connection with the enforcement of the dipping of cattle for mange in this section. Mr. Perry, through his force acts for the Dominion Agricultural Department throughout the West. He will consult with Dr. Harrington regarding the progress of the work in this district.

—Herald: The snow storm played havoc with many trees in the city. The heavy snow following the rain gave it a chance to stick to the trees and bear down so heavily on them as to snap many branches off.

—A fair sized audience greeted the local Confederate Spy company on their third appearance at Robertson's Hall last evening. Although small the audience was thoroughly appreciative. The play was put on splendidly. The part of the Spy, played by P. C. Kidston, was cleverly executed. Arthur Hopkins was particularly good in the difficult part of Geo. Waterman. Harry Williams, as Sockery, brought down the house. All the characters took their parts very creditably. The two tableaux were very beautiful and were greatly enjoyed. Watkins' dancing made a good hit with the audience. Clarke's orchestra again supplied the music.

The Confederate Spy has been well rendered and reflects great credit on Arthur E. Hopkins and P. C. Kidston, who have had it in charge.

—Herald: Fred Fry, of the firm of Dobson, Jackson and Fry, arrived in the city from Moose Jaw yesterday and left for Red Deer. Mr. Fry will tender on the new waterworks and sewerage system at Red Deer.
